“ My first job was working for Dr. Starnbach as his dental assistant. I went there expecting to answer phones and greet patients. Instead, he wanted me to work as an assistant. I was reluctant but he convinced me it would be worth it. He made working fun and he was such a character to work for. He sure loved his candy that we would sometimes get as gifts! I stayed a year then worked as a secretary. After 3 years I decided to go to dental hygiene school. I just retired as a hygienist after 44 years! I owe my career to him because he taught me something everyday about dental. Because he was passionate about his career, he made me want to learn it also. I owe my career to him. What a great boss he was!!! Janie Horner Barnhart

“ Dear Nancy, Michael and Ann -

Our family was blessed to have had your family as neighbors, and I was blessed to have had Howard as my employer. Always a kind, upbeat person who cared so much about his employees as well as his patients. He was extremely conscientious and talented with his work - I was proud to be associated with his practice. Remembering the kindness and goodness of all of you is a testament to the man/father that Howard was. May your memories bring you peace and comfort.

Sincerely,

Bonnie Dolle Anderson (your Grand Vista neighbor, babysitter, dental assistant)

“ OH my! We like remembering Howard as when we first met him! His welcoming and charismatic personality drew us in immediately! His infectious smile and his wonderful, wonky sense of humor brought us joy! His spirit of adventure and his sojourns with Nancy into nature always intrigued us. He was a genuinely a kind and good person. He fought his Parkinsons like a warrior. He will be missed. Sending our hugs to Nancy, Michael and Ann.

“ Nancy, so sorry for your loss. Howard was a very caring person. Our children still remember him fondly from the days of braces. Eddy needed braces but didn't want them on at his Bar mitzvah and Howard said no problem he would take them off for the occasion and put them back on afterwards. May his memory be for a blessing

“ My deepest condolences to Nancy, Michael and Ann and your families..
Your husband and father was a wonderful man. I remember meeting on weekends in the summer cooking out and playing.
My most memorable time of all was our camping trip.
Watching two dentists (orthodontist) try to drive while one drove and one operated the pedals was an end to my RV aspirations. (Hopefully you can laugh about this now).
But what really should be remembered is a father who has wonderful, brilliant children. I am sure you treasured your time with him, and I am sure he had to be as proud of a father as he could be.
Together with Nancy who was always as delightful, I am very sad to hear of his passing as I have a lot of happy memories being in your company.
He left the world a better place than he found it.
To his entire family, my sympathies.

“ Debora and I offer our deepest sympathies to the entire family. These messages are difficult to write at such a sad time. That said, my memories of boating, the RV trip and years of visits to the orthodontic practice are remembered fondly and I can still hear his laugh. My hope is that you remember all the wonderful times and experiences you shared.

With Sympathies,

“ Where to start, over 60 years ago Howard and I met at the Alpha Omega house at O.S.U. We were friends from the onset. He was brother I never had. We raised our children together, We camped together at Brown County, never a cross word ever passed or lips. He was respected by all he encountered but more, an aura of open friendship followed him socially professionaly. He was a Mensch in the truest definition. Good bye old friend, we loved you and wil miss you. I
