“ I was so sorry to just learn of Bob's passing. I knew Bob from years at NIOSH in Cincinnati, from when I arrived in 1987 until moving to Atlanta in 1993. I remember Bob for his commitments to his family, his colleagues, and to public health, and for his sense of humor that always laughed through the worst bureaucratic nonsense that government service could throw at us. He was a great man and we'll all remember him for it.

“ On behalf of the Willys Overland Jeepster Club, Inc. we extend our most heartfelt sympathy to Ellen, Jess & Ben upon the loss of Bob. He was a former member of our club's board of directors and an expert in the repair and restoration of our 1948-1951 Willys Jeepster model. He often wrote technical articles for our newsletter, JeepsterNews and our website. He and Ellen hosted a wonderful WOJC Jeepster Meet at Cincinnati which was an outstanding event for club members.

He was a brilliant man, but maintained a manner of modest humble humility. He loved his farm where he once said he planted several acres of trees knowing he'd not live to be able to harvest the timber, showing his understanding of the importance of life while we have it.

Bob will always live on in our memories. May he rest in peace.

Thank You,

Pete Mozzone, VP Membership/Newsletter Editor

“ I remember Bob with the fondness memory. He picked out this ugly twig like tree and said it would be the most beautiful tree in our yard and he was right. Whenever I looked out our window I thought of Bob. When we finished our basement there he was. He wired the whole thing. He was a true friend and I hope G-d helps Ellen and their children find peace through these trying times. Ellen. I will have you in my heart

“ To the family of Bob, especially Jessica who was a student of mine at the UK College of Public Health, please accept my sincere condolences. I knew Bob at the CDC and later when he visited Jessica at the College. I was saddened to learn that Bob has passed away and know that his family will miss him dearly, but he knew that his daughter who was very proud of was carrying on his public health work. He will be missed by the public health community as well.

With sincere sadness;

“ Wow what an awesome cabin - very impressive and certainly a tribute to Bob's unbelievable craftsmanship and talent. Sure is an upgrade from the rustic cabin we had a girls overnight in. We may need to have a Do-Over!
