“ *Marcia and I met Eva and Adam on our vacation in Utah camping and visiting the National Parks with a tour group. I still speak of their love and laughter for each other and is a precious memory of my time in Utah. My heart hurts for you Eva, hugs and prayers and I'm so thankful to have met a couple that loved each other as beautiful as you and Adam love.*

We will always remember Adam's sense of humor, inquisitive mind, his creative photography, passion for traveling and his devotion to his family. It was a joy for us to be together this last Thanksgiving. You are in our prayers. May his memory be a blessing.*

“ *So sorry to read of the passing of Abe Kielcz. Although I haven't seen him for quite some years, I remember spending a lot of fun times with him, as we shared interests in electronics and computers, and well as our Jewish heritages. Condolences to the Kielcz family at this sad time. May Abe's memory be a blessing for his friends and family.*
