“ Al was a amazing, funny and caring man. Like Debbie we truly enjoyed seeing him come to the Shop each day. Of course Tater yelling "Big Al" always made him smile and laugh. We will miss you my dear friend and our hearts are hurting... RIP Big Al.

“ Al would always come up to Taters in the morning and have coffee with us. We would sit and talk to him and listen to his stories. Or listen to him and his good friend Tater talking about everything. Al would do errands for us. Run to Costco, go get a part or make our lunch. Al was a great cook. Al would sit there for hours and we all love his company. We will never forget our good friend who we all love so much and respect. I have never met anyone as good as Al. Al always would talk about his daughter and his grandson. I Remember when he bought the Vet. He always wanted him one. So he got it. Al would always ask if we needed anything. He would do it. That's the person he was, kind, thoughtful, respectful and a wonderful friend. He was family to us! Rest In Peace my good friend.

“ Goodbye, Dear Friend!

Al touched my life in so many ways. I met Al through my husband, Larry Emerson. Larry or both of us would meet him for dinner at Skyline at least once or twice a week. Through our conversations, I learned about his life as a Polish refugee living in Russia with his mother and brother. Their struggles were things I had only read about in books or seen on TV. They, and his father, came to the U.S. and Al served in Korea. I know the love his daughter had for him and he often spoke of her. She was always looking out for him. I could go on with what I learned about Al and from him. He will be missed by so many. I respect the families wishes to have a private ceremony; but, my and my husband's thoughts and prayers will be with you.

With love and condolences, Donna and Larry Emerson

“ To Allen's family,

I have many memories of Allen. The most vivid and one that comes to my mind first is the JCC at Blair and Hartford in the 40's & 50's. The playground and swimming pool were where Allen spent most of his time. He told us that he never had a chance to do this when he was younger.

As I grew older I learned why . The Jews of Europe were being persecuted by the Nazis. Thank God Allen was strong survived and came to the USA.

May Allen's memory be for a blessing and to his family I say May he Rest In Peace.
