“ I will never forget how you helped me take care of my first baby Bentley. You would watch her when I was out of town, and one time I came back and you asked if she could just stay with you. Obviously, that was a no, but you found your way to sweet Drea. There are many things I will miss about you but the memories with the pups are so special.

“ I met him a little over a year and I'm sad I didn't meet him sooner. We went through some rough times and he helped me through all of it. He was always there for me and he was just an awesome person. I will forever miss you Anthony. Rest In Peace and I look forward to seeing you again one day.
