“ *Cathy, I was truly saddened to learn of Art's passing. There is nothing that I can say to lessen your loss except, perhaps, to let you know that even after so many years of not seeing him in person I can still see him in my mind's eye just as as he was way, way back when he took care of me and the rest of my family and particularly my youngest sister, Eileen, who is alive and well today because of his medical skills and devotion to her. Art was a superior physician and above all a really fine person who will be remembered by so many of us in loving memory. You and your family will be in our thoughts and prayers, Tom*

“ Cathy and family.. So sorry to hear of the passing of Art. Art was my 1st "adult" Dr. and helped me for many years. Only because he decided to focus on cancer medicine did I need to find other help. He was great guy who seemed to help so many. Our condolences.

“ Our deepest sympathy to all. He was a great person and doc. He tended to my mother and grandmother for years. My grandmother lived to 105 and my mother is now 95. Even though is time on earth was shorter, we know that his memory will forever be a blessing in all of your lives.

“ I was totally shocked to see notice of Dr. Richard's death. He took wonderful care of my first husband, Louis Dittrich, who had Hodgkin's Disease for 26 years before his passing. Art was a wonderful doctor and a kind man. I still appreciate all he did for my husband and for me.

“ *Dear Cathy, Doug, Robin, Meredith and Sarah:*

Your husband and father was such a gentle, kind, selfless, wise and compassionate man with such a great intellect and intellectual curiosity. He touched so many lives from his patients to his friends to his children to his beloved Cathy, that the world is an emptier and sadder place without him. Having you all there with him, and especially the gift that Sarah and Wyeth gave him before he passed, I hope, will give you all comfort and peace in times to come.

May Artie rest in peace and may you all find some solace in the memories of all of your good times together.

*With love and sympathy,
Roselee*
