“ *My sympathies to the Dave family. Bernie was a dear friend, and a sweet kind man. We played golf together over the years, and few things made me happier than watching him shoot his age in his late 80s and even once in his 90s. I will always remember the grin on his face, when he won a \$2.00 Nausea bet. He was also my travel agent, and always had a suggestion for the next cruise. I am so happy, that I got to know him and to call him my friend*

“ *I am totally caught off-guard to learn of Bernie's passing. We (Roz, Shirlee, Bernie and I) had spent so much wonderful time together, until I had to move away, that I find it hard to realize we will not have even more time together as before. We had talked just recently and all seemed well. My heart goes out to all the members of the family. I think of his many involvements and contributions to the lives of so many in the community that I know his absence will be felt by many of us. My best to all of those he has left behind.*

“ *My sympathies to you and the Dave family. Bernie was one of my first patients when I worked at The Jewish Hospital and our client/friendship continued at the JCC. Even when he no longer participated at the J he stayed in contact and always supported Cardiac Rehab. He was a very giving, sweet man and I will miss him. I pray your memories, friends and family will be of some comfort during this difficult time.*
