“Bernie acted 29, not 92. He was a wonderful cousin, came to my PhD hooding in 2004, he was driving cars back then. He then came to my wedding in 2015. The blessings of having him in my life were immense. Many years ago, God changed my life through a relationship with Yeshua the messiah. Bernie never held any meanness against me. He always accepted me. He would get excited and call me when in the Jewish magazine, Forward, there would be an article about Jews who believe in Jesus. He called me many times to share these articles with me. He never chided me about my beliefs. One time, he was singing in the chorale, and was traveling from one place to another. He called me, as an acquaintance was with him, Amy, an amazing artist, who is also a believer in Yeshua. It was amazing that people from opposite ends of the earth could connect! Bernie came to my wedding in October 2015. It meant so much to me. I had never married and I was 62 years young. In some ways, Bernie was the dad I never had. He was so full of love and joy. I will always remember even his cell phone greeting, BERNIE, HERE! Love you, cousin Bernie. A light went out when you left.

“Sorry for your loss. Bernie was always so friendly and kind to me when he would stop in at the builders Supply I worked at in the 70's and 80's, always with a smile. Even when I would run into him out in public look at a restaurant-always kind always special. My prayers are with you, God bless
