Holly I just looked up Jamie to see how he was doing and saw that he passed away. I worked with him at Central Emergency in SF. He was an incredible person who was one of the few people who really cared about the people we served. He was a mentor and friend. I know he loved you. You were his support person and dear friend. I was so sorry to see he passed away. His soul will be missed in this world. It was an honor to know him and work with him.

Lela, I just saw this comment today. I'm sorry I didn't respond sooner. You may be confusing me with someone else. I was one of his patients. Nonetheless, I loved him and miss him dearly. ❤️

“ 11 years since Dr. Schloss’ departure..a thoughtful and dear Listener to myself and many others. I continue to meet and greet each day with the fundamental and unconditional belief this psychiatrist had in my worthiness. It is a rare person who gives so unconditionally. My art and writing life enabled and furthered by our invaluable Talktime....continues. 🍷🌿🦋🌸
