“ *Mrs. Davidow believed in me when so many didn't. I loved her like family because that is how she treated me as a mentee. Our last time together was the MLK March. I would call her late husband to check on her. I will miss her love and conversations. I am the leader that I am today because of her investment in my future through AYF, board positions, and just answering the phone when I needed her. Keeping the family in my prayers.*

“ *Dear Sally,*

I remember Carol because we were active together at Wise Temple and NCJW for Education and Social Action and so many other issues we were concerned about. She was knowledgeable and smart. I miss those days. However, she is in a better place. May she rest in peace.

Blessings,
