“ My deepest sympathy to Cathy and the rest of the family. I first worked with Dr. Kessler in the operating room at University Hospital. I eventually left there and went to Bethesda North Hospital. All of a sudden there was Dr. Kessler again. I was so sad to hear of his passing. He will definitely be in my thoughts and prayers. Cathy I don't know if you remember me from University or not but I do remember you. Know that the Bethesda North operating room sends it's condolences. I am so sorry for your loss.

“ My condolences to all the family. I was part of Danny's group of medical school friends during our years in Ann Arbor, MI. He was a friendly, funny, smart, and supportive guy, even to "ex-pats" like me from the east coast. I know he was an excellent and respected physician. Although we lost touch in recent decades, I was aware of his life in Cincinnati, and I will remember him fondly. He will be missed by many. In sympathy, John Urbach

“ I had the pleasure of meeting Dan when he joined the Hyde Park Tennis Club this summer. It was a perfect fit. He was a great addition to our club with his lovely, friendly "never met a stranger" personality! His top notch tennis skills were an added bonus. We played a number of times together and he was always a complimentary, supportive player. I will miss him. Peace to you and your family, Lori Murphy

“ Cathy, I am so sorry for your loss and will be praying for the family. I spent 11.5 years with Dr Kessler. We had our ups, downs and good times. I have thought of him often over the years and miss talking to him.

“ Hi Cathy sending a healing hug from the past. We always chuckled in the PACU when one of his patients was admitted. Who ever had them knew we would be in for a chat. And we loved it!! Blessings my friend

*Dan and I (my name is also Dan) grew up in the same neighborhood of Huntington Woods and lived on the same circumferential block (although Dan lived on the other side of the block or the parallel street). We are part of a group of 3 boys from the same year from Huntington Woods that went to Cranbrook Prep High School and it turned out that Dan and I both became MDs. I just missed him at our 50th high school reunion - he showed up on Friday night and I showed up on Saturday and sadly when I drove to Huntington Woods that weekend, no one was home at his mother's Huntington Woods home. So sorry for your loss and his passing.*

*Cathy, I just heard today that Dan died. I am stunned. When I first started assisting him with his procedures at the Bethesda Fertility Center I informed him you were my cousin from the "other" side of the Cordes family. From then on he treated me like family and called me Cinderella. He was funny with a wicked sense of humor and was a great physician. I will miss his hearty laugh. I am so sorry for your sudden loss. May memories of Dan help you through this difficult time.
