*This comes as a great shock, we take life for granted that people as good as Neil will always be there. I knew him through business, but we always spoke a great lengths about other things. He was genuinely kind and thoughtful. I'm deeply saddened for his family because they must be missing a wonderful person. God bless you all David Van Ness from Van Ness engineering.*

*Neal was a very knowledgeable guy & also so very nice...I hadn't spoken to him recently, but had utilized him over the years when I was still in the Customer Service Dept at Romaine Electric. Whenever something oddball came up from a Customer request or a Job, and we couldn't find anything elsewhere, the next logical step was always: call Neal at Obsolete Parts. He will be missed; he was such a great Go-To for information. My condolences to his family. Rest in Peace, Neal. --- Ildi Balogh/Romaine Electric*
