“ Our dear friend Don will be missed by both family and friends. Don accomplished all the important things of life: experiencing a wonderful 60- year marriage to his loving wife Bernice, being a role model and important part of the lives of his sons, knowing his grandchildren as they moved into adulthood, and being well respected in his chosen profession. Add to this enjoying to travel, play bridge, sail and read - a life well lived by Don which leaves wonderful memories for those whom he touched. Don did not require a lot of fanfare, but enjoyed life to its fullest. He was a devoted family man, respected professional, and trusted friend. Our friendship with Don is a significant part of our lives and we treasure our many years together.

“ Dr. Donald Pollack was my favorite dentist. He was my dentist for over 45 years. I always enjoyed seeing him because besides talking to him about my teeth, I would also talk to him about other things such as various topics related to the Cincinnati Jewish community. He also had a very good sense of humor. He was always very nice to me. For example, if I needed more of a major procedure done on my teeth when I didn't have dental insurance and I asked him if I could pay for the procedure afterwards over 3 or 4 months, he always would says yes without even asking me to sign anything. I also felt that he was a very honest dentist because he never tried to do any unnecessary procedures on my teeth. Also whenever I had any issues with my teeth, he was very easy to contact when I called him at home after he left his dental office for the day. Plus if needed due to my work situation, he was always very nice about waiting by himself after office hours so that I could see him after I finished working for the day. I used to tell him that I hope he never retires because after he retires I teased him that I will come to his condo every 6 months and he could take care of my teeth in his bathroom. I remember as a child that I wanted to show him my dog and I brought it inside his office in Roselawn and my dog went to the bathroom in his office before I could take the dog outside. Dr. Pollack was very nice about that situation and he did not get angry at me. He was a very wonderful man and I considered him my friend.

“ Dr. Pollack was our family dentist until he retired. He was the best. Always a pleasure to see him. He thanked me for needing crowns so he could get a new sail boat, said he would turn down hearing aides if I yelled in pain. I miss this wonderful man and thank him for caring for my family.

“ Like most kids in Roselawn, Donny Pollack was our dentist for me and our entire family. I believe he and my mom, Roz Holtzman, go back to kindergarten days in Avondale! I can't say we didn't have any trepidations when we had to go see him, but walking into the office and Dr. Pollack greeting us with that smile....well it couldn't be better than that. May his memory always be for a blessing.

“ You all might not remember me but I babysat for Larry and Ricky when they were toddlers.....two of the cutest kids ever! Dr. Pollack was the kindest, sweetest man - I always felt very comfortable with him when he drove me home each week. I've often thought of the family and wondered how they fared....its so good to hear of the long lives of Bernice and Donald, and see the photo of the beautiful grandchildren! A life well lived, Dr. Pollack!

“ My wife Debora and I wish your family our deepest sympathies. I remember Don at our house for numerous occasions- especially bridge with Buddy, Mel and my dad. I always admired Don for being an upbeat and positive person. He never had a negative thought about anything or anyone. I know he was devoted to his family. I am glad you are able to have many great memories with him and I encourage you to focus on those good times.- Randy and Debora Zussman

“ I'll always remember Don's continuous smile. He seemed to always be wearing it. He never complained about anything. He was a man of great intellect. I told him many times how much he reminded me of my dad. Bernice and family- My heart goes out to you at this time. May his memory be a blessing.

“ Doctor Pollack was my dentist from the time I was a little kid, until he retired.  
The only one I would ever go to.  
He was also good friends, and bridge pals, with my uncle Buddy.  
When my uncle got sick, and went into the nursing home,  
Doctor Pollack came to visit him every week!  
And sometimes brought a couple guys with him, so they could play bridge.  
I was very grateful for his friendship, and kindness, and loyalty.  
It is truly my pleasure to have known him,  
and his memory will always bring to me a smile.

“ Since 1973, when we moved to Cincinnati, Bernice & Don became our closest friends, sharing their friends, their family & their love & lives with us. Even the last 5 years, we played online bridge every Thursday with Don until just 2 weeks ago where his bidding was still strong & his playing was really good. What I remember most about Don is that he never complained, he was always giving and positive, and the world is not as bright without his shining, positive light. Rest in peace, dear Don.
