*I entered the family through marriage. Edie was a sparkling gem always “up” and forever welcoming.*

*I'm a member of Etz Chaim (the former Ohav Shalom). Edy was a jewel of a person. Always waved to me, and always had a smile. I never would have guessed she was in her 90's. She didn't look it, and she certainly didn't act it.*

*Somebody told me she had passed, and I just looked it up on Weil's-when the funeral was. The last time I saw her was well before November,'22-to my misfortune I didn't know it would be the last time I would see her.*

*One more thing: She will be remembered (for her good cheer and ever-flowing smile) and so will live on always.*

*I knew her daughter Bobbi Rosen way back from Woodward. I still remember Bobbi-it's obvious to me (at least) that Bobbi got her good cheer, perky smile and abundant energy from her Mom.*

*May Edy rest-in-peace, eternally.*
