*Meredith, I'm so sad to learn about your Mom's death the disease she suffered with at the end of her life. I'm thankful for being able to watch the service from afar am so glad to know that she had a happy good life, that the two of you were so close. Your eulogy was eloquent reminded me of her. I knew your Mom in college during her time in DC. We were close friends spent a lot of time together. We had lots of particularly good times together with our first born babies, I remember you well. There was no doubt that she would be a gift as a mother. I also remember when she first became interested in developing make-up skills to help the injured. It was a noble passion. We lost touch, as happens -I'm still living in the DC area but we spoke about 8 years ago when I was in Cincinnati for work -- too away far to get together, she had just fallen in the driveway was a "mess" as she said. She told be a bit about you, your brothers Corky, mentioned Mark who I remembered she was very close to. I know she returned to Cincinnati to be with the family. I'm so glad to have had a glimpse of you --- you must have been about 2 1/2 when I last saw you here. It truly warms my heart to know what a loving family she had. Wishing you all the very best, Nancy Zivitz Sussman*

*I remember Miss Kuby from Woodmont Elementary in Arlington, VA. I was never her student, but she was beloved. I remember at recess and other down times, groups of young students piling into her lap to snuggle, visit and be loved on by her. So sweet to read of her work doing corrective makeup for children in need at Shriner's Children's Hospital. What a special niche helping dear little ones. I am confident she brightened many children's hearts there, as well.*

“ Deepest sympathy to Corky, Joey and the whole Steiner Family. Ellen was such a bright ray of sunshine in our lives. Over dinners at the Boathouse and IHOP, she danced and laughed her way into our hearts – riffing with Corky, always, always smiling, and laughing through every moment. We weren't around to know her before illness arrived, but never doubted the depth of her warmth, kindness and beautifully gentle nature. Thinking of you all at this painful time. The Sheehan Family.

“ Dear Corky and the Steiner Family,

*I'm truly saddened to hear about Ellen's passing. While I didn't personally know her, you and I have been friends and business colleagues, along with your Dad and Uncles for many years. I know what a difficult time this is for all of you and my heart cries out for you. I lost my wife, Mary Ellen, after many happy years, just two years ago. My thoughts and prayers go with you.*

“ I have known Corky forever and, in the old Bengals stadium, we always went together to the games. When Corky was single, he always brought a date and often a different date to each game. My wife Suzi, was always extremely nervous, fearing that she might call the date the wrong name, so she often sat silent at the games (not easy for her if you knew Suzi). Finally, Corky started bringing Ellen to all the games, which was a relief to Suzi because: (i) she loved Ellen; (ii) she knew this was a match made in heaven for Corky and Ellen: and (iii) she could remember Corky's date's name.
