“ Prayers to the family during this difficult time. Dr. Torres was much more to me than a doctor. She was my angel during my pregnancy. She helped me and took time out her busy schedule to give me an extra minute. My husband was away at Army Officer's Candidate School.

She loved her family so much. She hated that her grandchildren lived out of town. When I saw her in Dillard's which I managed she was usually on her way out of town to visit them. She use to tell me she was going to come work for me when she retired so she could buy her handbags at a discount!

Thank you girls for sharing your mother with us, her patients during all hours of the day and night. She truly made a difference in so many lives.

It saddens me that she was called back to God's eternal paradise all too soon. I'm sure she had wings waiting for her. She was my angel when I needed one.

My deepest condolences.

“ Dear Family of Dr. Torres,  
I was saddened to read of the beautiful Dr.'s passing in the Tribune Chronicle. She delivered both of my sons. Her personality and smile was such a compliment to her chosen profession. I loved her and will never forget her. She hopped up in bed with me and watched a bit of tv while we waited for the right time to deliver.  
My thoughts and prayers are will you at this time of your loss.  
Until we meet again Emilita,

“ Heaven has definitely received another Angel. May God rest her soul. My name is Jean Savopoulos. Dr. Torres brought both of our sons, Michael 28, and John 25, into this world... I am an "older" mom but with Dr. Torres" help pre-and post deliveries all went well. Dr. Torres stayed with me for both deliveries through the night. We seemed to always meet at Howland Giant Eagle... we'd hug and talk about HER babies. I was saddened when she retired but am deeply saddened to hear that she she passed. May she be at rest and peace and I pray for you her family. She truly was a remarkable woman
