“ This lovely soul, along with her husband, Dan, was very instrumental in my walk with the Lord. Their friendship evangelism was key to my conversion. It deeply saddens me that she is gone, but also that we let the busyness of life prevent us from staying in contact for the last several years. I only recently learned of her passing. But knowing that she's resting in peace, and that the next thing she will see is Christ's Second Coming, is indeed comforting. May it comfort you, as well.

“ She was the kindest, least selfish person I have ever known. I never ever heard her say anything negative. She made love an action word. She impacted my life very much in the short time I knew her. I will miss her greatly.

“ I'm very saddened to hear about Eunsook. I always looked forward to seeing her. She treated me as if we were close friends. I'll always think of her when I pass by the dental practice. She and I talked about God and faith, always with a peaceful smile on her face. Thoughts and prayers for Dr Harning and Family.

“ My name is Heidi Pelfrey. I worked with Eunsook at Sycamore Hospital and we were classmates and study "buddies" working on our BSN at Andrews University... A loooong time ago. Eunsook was an excellent nurse and she could brighten a room with just her presence. She was a shining star. She was a dear friend. Dan, I remember coming to your wedding. Your love for each other was so evident and beautiful. I am so saddened and heartbroken for you and your family. My prayers will be with you in the days ahead. May wonderful memories help you get through the tough days and know that God is holding you in His mighty hands.

“ I met Eunsook 3/12 almost 4 years ago when I interviewed with her and Dr Harning ! She had called me for the interview and I told her I didn’t know if I could make it that day because I had my daughter with me, she told me to bring her with me! A few hours later I did find someone to watch my daughter and went to the interview, one of the longest ones I’ve been on! Not only did she talk about the position but wanted to know about me and my family, and when I went to leave she gave me a container of the fresh picked blueberries from Michigan ! Eunsook was such a foodie ! Fast forward to 2 weeks ago the last day I would see her , we had another stray cat at work that I just adore! He was by the back door when she came in, she picked him up and brought him inside looking for me, making sure I saw this cute kitty! Saying April your kitty cat is here to see you ! She had a love for these stray cats ! That was just her! This same little kitty she brought into the office a few weeks prior and took X-rays on his paw cause he too was hurt. Eunsook had a love for people and animals, she was an amazing person , full of surprises, love , and compassion! She will be missed dearly ! I am thankful to have known her and blessed !

“ Eunsook was such an amazing person. I remember at church that nobody ever set alone and Eunsook always made sure that everyone sat down, shared a meal with each other and talked and communicated .Eunsook was always so loving and caring for each and every person young and old and the children absolutely loved her. She will be sorely missed.

“ Eunsook and I worked in the Intensive Care Unit at Sycamore Hospital. She was so kind and loving to her nurse mates and her patients and their families. She was a superb nurse. She had a beautiful heart and a gentle touch. She was a merciful soul. When she met Dan she fell in love with him and he had a bonus gift, Dane and the Harning family! She was so happy and excited to start her life with her new family. When she became pregnant with DahEun she was ecstatic beyond words. She would rub her little tummy and talk to her so gentle. Eunsook was a wonderful friend, mother, nurse, confidant, wife, Christian and so many more things. Eunsook you will be missed by us all. You will forever live in our heart. Until we reunite in God's Holy Kingdom rest peacefully my dear friend. You are forever loved. Daheun, Dane, and Dan may God hold you in his arms and comfort you. My prayers are with you always.

“ I met Eunsook at the dentist office where she worked. I had a difficult tooth procedure done that was extremely uncomfortable. She came in and saw my distress and said to me, “Squeeze my hand as tight as you need to.” She was so caring and compassionate. She always seemed to have something special for my husband and me at the office. Fresh apples or blueberries. Showing gestures of kindness is who she was. We will miss her sweet smile and gentle disposition. We will meet again. Praying for Daniel and all the family. Kim Collingsworth

“ I went to have dental work done and my long hair was every where. I was so very frustrated. Eunsook who was so filled with love and compassion actually French braided my hair as I was waiting for the numbing medicine to work. We became friends. I will miss her so much!!
