GERALDINE LEWIN

Geraldine Lewin (Gerri) was the only child of Herman and Hannah Cohen. As a child she believed they were very rich as they had monogrammed faucets. She graduated from Walnut Hills High School and U.C. Teachers College cum laude. However, her life unexpectedly turned toward helping children with special needs working as a therapeutic development specialist at Children's Hospital with toddlers 18 months to three years of age. She spent her professional life crawling on the floor. Gerri was the proud and loving mother of Gail Lewin of Cincinnati and Gary Lewin of Aliso Viejo, CA. Gerri was known as the "hat lady" and possessed 113 hats. She always desired to write her own obituary and succeeded, a loving way to say good-bye to all her friends. She wished to be buried at RestHaven Cemetery in a crypt so her family could look up to her. Above all she called herself a free spirit and delicate flower. Gerri even fulfilled her wish to have a party at the Kenwood retirement home called "A celebration of life before I died" (little did she know). My love to all and farewell. p.s. She will wear her favorite hat.

“ I first met Geri when I was 8 years old. She taught a cooking class at the old JCC on Summit. I LOVED her and she made the class so much fun. Years later as a teen and young adult, I worked at the J and was blessed to often run into her and have great conversations. She was a wonderful lady. May her memory be for a blessing.

“ Gail,
I'm so sorry to hear of your mom's passing. She was a great lady and a true friend to my mom, Juanita. And I enjoyed her at the Egherman seders!
