“ My heartfelt condolences to both Linda and Barbara and your families on your loss. It was my privilege to know Helen. She was a beautiful person inside and out who always had a smile and a warm hug to give. When my mom moved down to Cocoa Beach, Helen volunteered to show her around town and introduce her to everyone. And believe me, Helen knew everyone. She was always willing to help and so generous with her time. Her love for life radiated from every pore and energized everyone she met. Your mom will be missed.
