Dear Asch family. Dr. Asch has been our families dentist since 1986 on the recommendation of a work friend. He has taken care of myself, husband and 2 children and has watched them grow up. We will miss him so much. Prayers for his family. Joe, Mary, Teresa and Joey Horning.

Dr. Asch, it is hard to say good-bye to you. How lucky were we patients to have you as our dentist. You were the epitome of care, courtesy, and kindness. We trusted you and considered you a friend, not only to help us, but also to talk about our families, a bit of philosophy, what we were reading and doing. We miss you, we remember you.

Over 40 years ago I met this wonderful man , had hearts painted on his new Buick station wagon for his dear wife . From then on, the hearts have been returned to me many times over. God Bless you dear Asch family.

Dr Asch has been our dentist for several years and my young son and I felt a connection with him that has left a deep hole in our hearts. We made a get well card for him with a tooth on the front and his reaction was as though we gave him a million dollars. I hope he knew how dear he was to us and how much we truly loved him. He was the epitome of kindness and his reassurances always brightened our days. Farewell, Doc. You will be in our hearts and prayers for many years to come. Erin and Ely

*Dr. Asch has been my dentist for over 30 years. And although my insurance would take me elsewhere, my love for you always brought me back even if I had to pay. You watched me get married, my kids grow up and move away, you thought it was crazy that my son raced dirt bikes all over the country but you always had a special charm and a real sense of caring for your patients and their family. There will be no one like you. You were in a class of your own. Thank you for all the great talks. Sending so much love and many prayers to your family.

*“ Where do I begin, i started seeing Dr Asch in or around the 80’s. This wonderful, glorious, caring man helped me out of more spots than a hamster on a wheel. My late husband and I were patients for so many satisfying years! A few times Dr Asch has to see me on weekends or Holidays, no matter when my cry came, Dr Asch was always there!
I’m so sorry this is so long and late but I just found out. We will meet again!*

“ Herb Asch was a giant of a man who had the tenderness and compassion that is so lacking in this period of our history. My wife thought of him as her big brother. I just discovered he had passed over a year ago. I had been away and found out when I called the office to leave word his "little sister" Sue had died . This is a double dose of sorrow as two of the finest people I have known are gone. If anyone in the family stumbles across this message know that his life is etched in my memory.

“ Dr. Asch was one of the most genuine, generous and kindest soul I've ever known. He was our family dentist for as long as I can remember - but more importantly, a family friend. I cannot help but smile as I write this, he was just that kind of person. The stories and memories will keep him alive in our hearts. I'm devastated and heartbroken that I wasn't able to visit with him just one last time. Rest in peace Doc, it's well earned.

“ My ex-husband and I began seeing Dr. Asch in 1972. I had chosen him because he was in the "A" section of the Cincinnati phone book yellow pages and near our home. Until I left Ohio in 2006 for Colorado, he remained my dentist. Warm, kind and an excellent at his profession, he was a taken-for-granted part of my life. There are two objects in his office I remember to this day. 1) His family portrait with his beautiful family and 2) The coat tree in the lobby for years that if it had more than one coat fell down. He was not just a terrific dentist. He was a terrific human being! My condolences to the family. Renee (Dickson) Farrar

“ I was blessed to have Dr. Asch as my dentist for many decades, and I dearly loved this kind, funny, compassionate man! He knew I taught English, so we always had lively conversations about the books we were reading and gave each other recommendations for other books to read. Every time I had an appointment, he made it a point to tell his staff "She's one of the good ones" but I am sure he said this about every patient. It is a testament to his skill as a dentist that I actually looked forward to my appointments because I trusted him completely. He so clearly loved his work and his patients and I know I will never have another dentist like him. May his memory be a blessing for all who knew and loved him.

“ I had the privilege of growing up as a young child on the same street as the Asch family. They were always so generous and kind - and often would include us in family activities. Marilyn and Herb were always so kind and generous to us and had so much love to give beyond their own children. I saw Herb the least since he was working a lot of the time to keep everything going - but he still made time when he could to join in the family fun around their always busy home. I'm grateful to have known him and thankful for his generosity and kindness while I was growing up. My sincere condolences go out to Marilyn (who was always amazing as well) and all of his children and grandchildren, as well as his extended family. I can only imagine the loss you are all feeling and I'm sending you good thoughts during this difficult time. Brian Winterfeldt

“ Dear doc but more importantly my dear friend !
I was told this morning about the news and even when expected it is sad and devastating!
You were the representation of what a munch meant to me !
I am texting your phone so your dear wife and your kids know once again, how much love you spread into the world !
You were my dentist for more than 20 years but more importantly you became a dear friend with your goodness and wide smile when meeting me !
I was obligated to bring gifts for you and your staff, because you “always” refused to bill me for your services. Just because I was a “doc”
We enjoyed music and interchanged through the year CD’s and vinyls !
I have most of my teeth with me because you my dear friend !
I have refused to look out for a different dentist since you got ill !
I just couldn’t
Rest in peace as well deserved
Your dear friend

“ I am so, so sad to know that the best person/dentist suffered the illness that ultimately took his life. I came to him as the biggest dentalphobe but my friend assured me I would be in good hands. And I was...went from never seeing a dentist on a regular basis to going every 6 months with hardly a nervous twitch. He just had that way and he is going to be forever remembered and terribly missed!
