“ I was very sad to hear of Ivan's death. I've known him for ~ 30 yrs. I sent him a note in the last couple of weeks as I had been following his newsletter entries with the photos and life stories he wrote. He was so talented!! Not hearing from him for a while, I sent a note not realizing he was ill. He was such a special individual. My life is made richer for knowing him. My prayers are for his family. He will be so fondly remembered. Thank you for your note.
