“ I'm joe me and jay were to start working together in a buisness jay was to start. In finance. I new jay through his child who I spent time with having coffee rather often. If the family would wish to know more about what I no about him they can contact me joeup473@gmail.com. The last thing I think I remember about jay was he was having coffee with a extraordinarily overly beautiful lovely blonde lady she was almost angelic and I was happy for him. Be well to all who read much love to everyone in his family I have a tear in my eye much love to you all
