“ Just learned of Jay's passing. Sorry I am on the road and could not be there today. Jay was "there" for so many during his life. This is a huge loss for his family, friends and community. Having known and worked with him in various roles for the past 35 years, it will create a huge void for me. My thoughts and prayers are with you, Sue.

“ *My heartfelt condolences to you, Sue, and to all the family members and friends. Having been living away from Cincinnati, I was unaware of Jay's illness that led to his demise--and so his passing has come to me as a total surprise.*

We worked together at the Speech and Hearing Center and we had formed such warm relationship as our paths had crossed so many times.

Jay will be missed by the very large community with which he was so intimately engaged.
