“ I knew him through his daughter Candice V. Bongard from the time her and I attended the same school in Ft. Myers, FL with oneanother. And back then, he was an arrogant Jew, and mean-spirited toward me due to the fact that he seperated her and I from spending time with oneanother at their pool in Ft. Myers just because he saw I swam too ose to her. We were both supervised and he never liked me, anyway. Only because she did. Years later in 1999, I contacted her nice daughter in Hamilton at 10 Wateepoknt Ln., and he invaded the privacy of his daughter's room and found very private and Heart-feltettwes I shared with his daughter Candice--knowing her and I were in love with oneanother, and bullied his way into our relationship, and referred to me as a 'peevert', and brainwashed her daughter into falsely assuming I was a bad guy, seperated is, and taking away the woman I truly loved and cared about--and tried to foment a serious relationship with, Candice having been a treasured old school friend. He then threatened me with a shotgun, prompting me to've called the So. Orange Twensp. Police Dept., in fear for my safety. He knew I had a developmental disability, and he used that as a means--and method to be mean to me, and to crush our relationship and to drag the woman out of my life whom I loved very deeply--and where I had developed a level of trust with. And I too was Jewish at the time, and he was still an unwelcoming fascist JudenRat toward me--and I'm positive that IF I'd had been another victim in one of those WWII camps and he'd been there as well, that he would have gladly had me gassed with the rest of the children those little phaggots murdered! So...

...I thought he was a complete inordinate prick; he was arrogant, he was a busy-body, and quite frankly so was his stuck-up wife Hilda Bongard, who bad-mouthed me over the phone and who showed disdain for me at that time as well, just because her daughter and I were in love with each other--and where we had domentes trust with oneanother in the month I had reestablished contact, with. Her nasty mammy too, arrogantly played an active role in arrogantly decimating--and plundering our relationship--and then brainwashing

Candice into falsely believing that I was no good, and I royally hate both that deadam and his dead wife. Pathetic! I wish he were still alive that I'd be able to knock his dumb ass, the phuc OUT!
