“ We're deeply saddened by your loss and regret not being there to support and comfort your family. We have fond memories of many days together not so long ago. May Joe's memory be a blessing for all of your family and friends. My father passed a year ago yesterday (Thursday) so it hit home for me. There will always be light for our loved ones we miss so much.

*All our best to your family,
Darrell and Bracha Radin*

“ *My name is Jenise Brassell. I met Joe back in the late 80's at NIOSH. We were both heavily involved in the union. I learned a lot from Joe when I first became a steward at NIOSH. He was such an awesome person, who was willing to share his knowledge and wisdom. He was a fighter to the end and a union brother who we will miss very much. Rest in Glory, Joe.*
