“ *I was saddened to hear the news of Joy’s passing. I was the instructor at her Silver Sneakers exercise class. She was a very sweet person that was loved by all. I’d really enjoy talking to her after class about her art. I remember her “spot” well! (Most of us have a “spot” when we take classes.) She’d sit toward the back, and became friends with a few class members in that area. Beautiful gal, inside and out. Missed by many. ❤️*
