

## Judith Spinazzola

September 16, 1947 - January 30, 2024

Judith Kravitz Spinazzola passed away peacefully on January 30, 2024 in Cincinnati, Ohio.

Judy was born September 16, 1947, in Cincinnati, to Esther and Norman Kravitz. Her husband Dan was born in the same hospital three days later—"Bashert." Judy and her husband Dan grew up in the Deer Park neighborhood of Cincinnati, and graduated from Deer Park High School in 1965.

Life and love relocated Judy around the country to New York and California before returning home again to spend her final years in Deer Park.

Judy leaves behind her truest love, her husband Dan Spinazzola. She is also survived by her brother Michael Kravitz, four children, Cody, Lance, Shannon, and Victoria; stepchildren Casey and Lindsay; and her six grandchildren Rebecca, Lilly, Jessa, Wyatt, Cole, and Camden.

She was the perfect mix of spunky and sweet. She was adventurous and no person she ever met was a stranger. She loved making people laugh—even Danny DeVito, to whom she couldn't resist telling a joke when she met him on a plane. This wonderful lady was known for her ability to find humor in even the darkest places. Her family and friends will miss her bright smile, endless

caring heart, and contagious laugh. She will live on through her loved ones, who will cherish memories of a wife, sister, grandmother, and friend, who was strong, brave, kind, generous, and full of love.

Judy will be laid to rest in a private ceremony on Monday February 5th.  
She will be deeply missed.

A Celebration of Life will be planned for the spring, date to be determined.

“ When Judy lived next door to us in Syracuse we spent time chatting in our yards now and then. Once we drove to a nursery and bought some bushes. When we got home on the hottest of days, Judy immediately began digging holes and planting her bushes. When she was finished she jumped into her pool clothes and all. Sending sympathy to her family and friends. Mary Dominick
