“ Larry was a truly giving man. He gave me incredibly insightful advice. A decade or so later when I wanted my son to get career advice. I gave him Larry's number. Larry gave him advice that I had neither the experience or intellect to share with my son. My son has a great life today, largely due to the advice he got from Larry. What an amazing man.

“ Larry was President of the University of Cincinnati Student Council in his senior year.
I was a freshman and he appointed me to an open position representing my college at UC.
He also involved me in Young Friends of the Arts and made me Treasure of the YFA. I learned a lot from Larry. Thank you for being part of my life. Bill Bender

“ In 1963 I remember Larry coming to my house with his big convertible, and picking me up to take me to Walnut for an introductory tour. I was about to become an "Effie" and Larry was my Big Brother. Over the years, I would run into Larry from time to time, and reconnect and learn all the latest. Larry's real little brother was in my graduating class, 1969. Larry was a true mensch, and will be greatly missed.

I met Larry when I contacted him and tipped him off about the fraud that was going on with Schupper at Medi-Serv/Denti-Serv. Because I was the whistleblower, he made sure that I was protected (believe me it was needed). He was a great man, very empathetic and kind. I am sorry I didn't have the opportunity to say a fond farewell to him personally. To his family, I know you will miss him terribly and for that I extend my condolences.
