“ We were deeply saddened to hear of Larry’s passing. He was a wonderful neighbor, a kind and gentle man. May his memory be for a blessing.

“ I worked with Dr Unger on a few committees and always enjoyed our conversations and dialogue. I came away from every interaction with some type of new knowledge and I will always be grateful. May Fran and his family find comfort during this difficult time and may his memory always be for a blessing.

“ Alberta and I have been friends of Larry and Fran for over 40 years from residing in Wyoming Ohio(where our children were the ages of their children),being members of Adath Israel ,supporters of Light House and Family Services and often eating with them.

Larry was devoted to family ,job, community and country.And he was a sports enthusiast.to boot.His intelligence was obvious not only in his medial specialty of pathology, but being able to make good conversation in every conceivable subject.As a non techie, he was my go to person when I wanted to understand the workings of our Prius, computers and cell phones. Larry was a unique individual with a good soul. We will miss him.

“ To be in the company of Dr. Larry Unger was an entertaining and enlightening experience. His wide knowledge extended beyond his medical expertise into history, science and even certain sports. He shared his friends' joys and sorrows. His infectious grin will be missed. Peter and Gayle Bickers

“ Bridget and I were so sad to hear about cousin Larrys' passing. While we didn't get to see you very often, when we did you both could not have been nicer to us. There are very few genuinely good people in this world, and the total has been diminished by one. Fran, please know we are thinking of you and your family and we wish you well.
