# Tribute Wall

“ *My heart hurts for Leah's family. You were all so precious to her. I love how she made it a priority for you all to know each other, no matter how far away from one another. May you find peace and calm during this very difficult time. She will be missed.*

*There are so many happy memories I have of Leah. She was an inspiration to me. Leah is responsible for my current 33 year career. I started working at Marmer Xray in 1990. I was newly divorced raising my 4 and 9 year old girls. Leah always allowed me to be a mom first...letting me leave if I needed to get my daughters, allowing my girls to literally sleep under my desk until their father or grandma came to pick them up. My children were accustomed to coming to work with me when necessary.*

*Leah taught what Leah's customer service was. I wish today's companies would have such a mentor to show them the proper way to treat people.*

*The customer was always right. I remember one of the first things she said to me was pucker up..Kiss the customers (you know).....All the customers loved Leah. They trusted her because she would say what she meant.*

*Marmer Xray was a family. It was such a fun job. We worked very hard...we were so busy but we all supported each other. We all took very good care of our customers. I was in awe of Leah. .Anytime there was a problem, she would get in her car and personally drive to the hospital to resolve the issue.*

*Watching Leah run her business inspired me to work harder. She was always so kind to everyone. Listened to all of us. She was our little mother.*

*Leah you meant so much to so many. It has been my honor and privilege to have known you. You taught me to have patience, to be a great listener, to be a great problem solver. You gave me the courage to succeed in this industry.*

“ Dear Nancy, Amy, Randy and Jeff and family:  
I'm truly sad to hear this news.  
When I think of Leah, I think of a woman ahead of her time, always on the go, who was passionate about her family.  
She built a successful business! She was active in genealogy, a great photographer, but mostly, to me, she was simply so interesting and very, very kind.  
Leah was so kind especially to my mother. I will always remember Leah's tremendous generosity, quick wit and loving nature.  
Please know I am thinking of you all and sending my sincerest condolences.  
Love,  
Nancy Sapadin Paul
