“ I worked with Woody for approximately 25 years both in the same company and separately as a supplier. He was very generous with colleagues and an excellent professional. When you went out to lunch with Woody he picked up the check for everyone. Woody Tyler was the real thing. Blessings to his family. J. Wolkow.

“ Woody was a fantastic colleague and a great friend. We spent very formative parts of our business careers together and we enjoyed time together alone and with our families.
My whole family, Bev, Tyler and Russell and I offer to Debi and the children our deepest sympathies.

“ I had the pleasure of collaborating with, and also competing against, Woody for many years; he was equally kind and professional in either situation and for this reason was always a pleasure to be with. His talents, both technically and personally, were just a few of the reasons he was so well respected by our customers and fellow industry suppliers. We'll always remember Woody; he left an indelible mark on our industry. From the Andritz family and friends, our condolences to the Tyler family.
