“ *Lorraine and I attended UC many years ago. She may have saved my life when she asked me why I was smoking, when I clearly did not enjoy it. I had thought I was looking dramatic and cool, but her words woke me up, and I stopped, cold.*

I saw her again less than a year ago in a restaurant, and she did not recall the incident, but I will never forget. We chatted for a few minutes, and now I wish we had made plans to see each other again.

She was a lovely lady.
