“ When I first met Frau Kornreich I was entering junior high at Mariemont. I decided to take German as a foreign language since our family ancestry has roots there on both sides of our parents lines. I honestly didn't know what to expect at that age but as Frau entered the classroom and introduced herself I felt relaxed and knew I was going to enjoy her class. I ended up taking her class until senior year and continued to learn the German language into college. Frau had such a positive impact on my life and made learning the German language interesting. She was strict but didn't give up on her students if they were willing to try. She always had interesting facts and stories to keep us drawn in and even introduced us to some of the typical German foods. Both my siblings took Frau's German classes and all enjoyed her class. She will be missed but will always live on with everyone that had her class. I am so sorry to hear of her passing but would like her family, loved ones and friends to know that she was held near and dear to so many student that she touched at Mariemont. Condolences, Brent C. Smith

*To Frau with love*

*Those schoolgirl days  
Of telling tales and biting nails are gone  
But in my mind  
I know they will still live on and on  
But how do you thank someone  
Who has taken you from crayons to perfume?  
It isn't easy, but I'll try  
If you wanted the sky  
I would write across the sky in letters  
That would soar a thousand feet high  
"To sir, with love"  
The time has come  
For closing books and long last looks must end  
And as you leave  
I know that I am leaving my best friend  
A friend who taught me right from wrong  
And weak from strong  
That's a lot to learn  
What, what can I give you in return?  
If you wanted the moon  
I would try to make a start  
But I would rather you let me give my heart  
"To Frau, with love".*

*You will be missed so.....*
