

Michael Arthur Poff

June 5, 1942 - April 30, 2021

Last Friday, on April 30th, Michael Arthur Poff passed away in the hospital under complete medical supervision. He lived a full life of 78 years in his hometown of Cincinnati, Ohio. From when he was a teenager until his last day, Mike had a passion for restoring and “hot-rodding” classic cars of the 1950’s. Working with these cars, he developed an unmatched mechanical aptitude that he put to use in the professional world. Around 1983, he started his own company called Seven Hills Heating and Air Conditioning, installing and restoring HVAC systems all around his community. He prided himself in being able to fix anything but a broken heart. We are all wishing he were here to at least try his hand.

Mike didn’t need much to be happy. He was all set if he had some work to do, preferably out in the sun, some music by Chuck Berry or Little Richard, and a can of Coca Cola. But his greatest joy was his family. Mike loved us unconditionally. Those left to cherish his memory are his three sisters: Val, Fran, and Nancy; his first wife Pam and their three children: Jennifer, Brad, and Alison; and his former wife Shari and their three children: Olivia, Charlie, and Max. He was preceded in death by his older sister, Ann, last month. A private family service will be held at Hopewell Cemetery on Thursday, May 6th, where he will be buried next to his mother, Belle Strong.

In lieu of flowers, his family respectfully requests that you make a donation in

Mike's honor to America's VetDogs, Cincinnati Children's Hospital, or the Happier Lives Institute.
