“ My dearly beloved cousin, Penny, who will be missed so by all who knew her. She brightened people’s lives with her warmth and sincerity and was a personality of note, in her quiet, modest way. As kids and youngsters we were rarely apart, more like brother and sister than cousins. She will be sorely missed. May Julie and her treasured boys, Richard, John, Paul and their families be comforted by all the warm memories they have of a special lady. Rest peacefully, Pen.

“ I was privileged to be able to work with Penny, and blessed to be her friend. She was always there for me during tough times, filling me with hope and comfort, and she delighted with me during the wonderful times. Her laugh was infectious and so uplifting. No one could resist Penny’s spirit of joy, humor, and sincere caring.

Oh, how I wish I could hear her delightful voice, her laughter, and see her beautiful smile, just one more time. I love you, dear friend.

“ *What a lovely person Penny was, her voice, her presence and personality was a blessing to all of us who worked with her at LasikPlus. Everyone always wanted to meet Penny when they came in for their interviews as she was kind, helpful and they loved her VOICE. My thoughts and prayers are with her family and loved ones during this time. She may be gone in body, but her spirit lives on in all of you.*

“ Penny was a lovely woman and so happy I could call her my friend for 18 years. We worked together at LCA-Vision and she was a ray of sunshine to all she met. She was the voice of LCA! I'll never forget our good times, laughs, and tears. She always called me "Jan." I always told her that my sweet Daddy called me that too. My sincerest sympathies to her family and wishing them lots of love and prayers. I love you, Penny! - Your friend forever, Janet Vest

“ *One of our oldest friends - having met 54 years ago at the birth of both of our first born children! Shared many good times and many fond memories! A warm, friendly and nurturing friend, wife and mother! She and Julius were so kind to me when I arrived in the USA. Opened their home to me and were unstinting of her time and generosity of spirit! A truly kind person.
May her memory be a blessing for Julius, Richard, John and Paul and their families!*

“ To the Family of Penny Kassar,

Today the Sun will not shine as bright nor the Moon tonight. The stars will come out and a new one will shine down on us. No words can ease the pain from your loss. So please accept, "I am sorry." I met Penny at Cardiac Re-hab several years ago. Penny and I became instant friends as Penny never met a stranger. Penny told me about her family. Penny talked about growing up in South Africa. I asked her if she had lions, tigers and elephants in her back yard and she just smiled at me. And told me I need to read more about the world in Africa.

Penny told me about her family and how proud she was of her boys. Penny told me about her family in Canada and how happy she was when they came to visit. And her brother in Arizona. Family was important to Penny. She told me about her friends and most favorite ones. These were the "girls" that made the briskets. I agreed with her as the briskets were the best.

Penny moved away to California and we lost contact. I missed her at re-hab as all there missed her. I most enjoyed the time we spent together riding to re-hab in the morning.

Penny, a lot of people miss you. But we are all better off because we met you. So this is what I ask all of you to do, if you are walking down the street and you see a "penny" on the ground. Pick the penny up and when you get home, put it in a jar. You can never tell who put the penny there.

God has given this awesome friend and work associate her angel wings! She lightened every room she walked into and will be missed by so many. She was beautiful inside and out.
