“ *Phyllis was there for my Mom after everybody else left. For years. Nothing ever seemed to phase her. She just kept moving ahead no matter what. It was amazing to me how strong she was. She just seemed to have a very strong sense of knowing what she wanted to do and what was important and what wasn't. So when she said things I always paid attention.*

“ *I so remember the many trips that JACKIE and I took with Phyllis and Jerry and Gil and Sue. Those are golden memories which will live forever. Phyllis was always upbeat and she' so cared about everyone. I will miss her and hope that she will share the many friends we've lost throughout recent years, rest in peace, my friend*
