“ This was my Papa Skip. I would go spend my summers with him and Gail when I was child. I loved when he would take me to the Ivy club I believe it was called, probably wrong on the name but it was a members only place. I felt so cool and grown up (lol) when he would take me there. We kept in touch up until the early 2000s. Wish it would've continued but that's life. Love and miss you Papa Skip. If any relatives would like to contact me please do so.

“ My grandfather was a man I have had the privilege of knowing. My most fond memory was him pushing me around the neighborhood I lived in on this little “car” I had (actuality, it was a glorified stroller. However, toddlers don't really know the difference).

Love you to the universe and back. I wish you could of seen me grow up.

“ skip always had something on his mind. whether you wanted to hear it or not. you always knew where he stood on things but weren't always sure where you stood with him. with a torn pocket smile, soft spoken way and thin man mustache, he seemed to take pleasure keeping you off balance. i loved every minute of it. he was smart, a wealth of information and a great listener. he could play the ivory off a keyboard and climb scaffolding like a twenty year old. about the only thing he couldn't do was leap tall buildings in a single bound. but the thing that made skip truly beautiful was his unconditional love for min. he accepted her with all his heart and accepted her friends (not always easy). you will be missed but always remembered. all our love to all who knew him on this sad day. mark and karen ezratty

“ When Skip and Gail became a family, he embraced all of Gail's friends and family. Immediately we loved Skip because he loved Gail. He accompanied her on visits and warmly welcomed us to their home. He was a talented, interesting man. We will miss his smile and his presence, as I know Gail will. Rest in peace Skip. Love you. Suzanne

I hope you're doing well Gail ❤️ I miss you too and the times I got to spend with you and Papa Skip on Sunnyview. Some of my favorite memories are from that time... Riding my bike with other kids in the neighborhood and catching lightning bugs to name a couple.
