“ I remember babysitting for Sandy and Arty in the fall of '66 at their apartment in Forest Hills. Conversation about the war, r f k and m l k who were still with us. The enemy was identifiable, wore a uniform, we seemed to be beating down a history of coarse underbelly. And most of all we had this huge family.

We didn't appreciate it how much in retrospect times were so much simpler, the world ahead of us, everything seemed possible.

Good night Sandy.

You did life right.

Took me 79 years to figure that out.

“ Sandy was always a joy to be around. Always happy. We have many happy memories of our ladies and gentlemen having dinner together. We were also very fortunate for four of us traveling to Europe over the years.

Andy I just got the news. its always so painful to let go of love. Love is all, always...all ways. And she left you and others with love till the end of our days. , a blessing.

Sandy was such a loving, warm, bright sensitive strong righteous character, a good soul...When I think of her, I think of her nature to peace and harmony. I always had a family love connection for her we had a mutual respect.

Our families were close my mom Fay was your Grandma's sister and they were very lovingly tight. We resided one block from Aunt Rosie and Uncle Louie Sandy, Joyce and Renee and Eliot in Brooklyn for 15 years.

Your grandparents attended my Barmitzvah...I have many photos of them at the affair in 1947. And I think I have a photo of Sandy and Artie at my wedding in 1962(I always enjoyed talking with Artie,sweet man I think of him with warmth...liked his raspy voice and how he gave you his attention. Your Mom and him were a beautiful couple...they were io in love..

Our families went to the Catskill mountains..for years,escaped the hot humid summers in the city. At a a Hotel called the NASSO in Mountaindale NY and it wa also bungalow(housing) colooy for 2 months . Such fun.The Jewish Alps was our playland escape from the brick junlge to pure heavenly nature .

I have so many fond memories of Sandy and the family. Uncle Louie your grandfather my Uncle pal loving man. He and my Dad Al were close friends. Louie taught me how to play hard black ball hand balll and to swim,,. I still have the handball gloves he bought me for my birthday...January 5, 1934.I your mom and I both Capricorns..

Your Aunts were very special gals..I can almost tear when I think of them. They .went over the Rainbow Bridge too young.

I have a photo of your mother and I am in it .I lwas about 14, Sandy 8 and its in front of where I lived in Brooklyn 247 E..51st St.. Sandy lived 205 E.52nd St.

Well Andy...the yesterday go and the tomorrows keep on coming....with or without us. Our ilves are a divine gift...precious. Also transitory, short jurney. And all of us, the world population inevitably leave this physical world. So stay in the moment and appreciate waht you have not so much what you want. However as I see it the purpose in life so to speak is to feel good...good relations, good job, good food etc. if you have a dream, a goal I say go for it., inspiration is a powerful

energy...like love.

I have had many careers . I am presently in the entertainment business. If you like to check me out heres' my website stanleybHerman.com. And here is my email trionman@aol.com and cell: 310 428-0465.

I am here with open arms. for a hello from you. And give your sister my best...Blessed with being pretty.

I will say a special prayer for Sandy today when I say my prayers when I awake.. Right now its almost 4AM. and I am headed for the sack.. Blessings to you and yours..
