“ *To Sandy's family, my heartfelt condolences. I know Sandy and Doug through our mutual profession, both of them unwavering in their honesty and decency and their true interest in the welfare of their clients. They are pillars of the workers comp community in the legal profession in southwest Ohio.*

I was surprised and saddened to hear of Sandy's passing, but he will always be remembered for the photo displayed on this website...always smiling, when speaking with you personally, or arguing against you from the other side of the table.

A true gentleman and truly decent man. he will be missed.

“ A thousand good memories going back to grade school. His house was only 200 feet away. Back then we were young and able to play a lot of back yard sports. Sandy was a year older so he was both a great friend and he had a car before i did, which enabled us to explore the world. I'll leave out the adventures, just say we enjoyed being teenagers. He was an active member of high school fraternity and i was a pledge. I remember riding in the car with him watching the pledge activities for the walnut hills school pledges. They started pledging a few weeks before us Woodward high kids. What an adventure. Somehow we all survived those days. Sandy helped push me to ask out my first date for a frat party. We had a lifetime of fun before adult life. Then came families and more great memories. We all have been very fortunate for so many things. It is so sad that a wonderful journey had to end. We will miss the card games that we enjoyed going back to our teenage years. And all the cussing on the golf course over the crooked golf balls the store sold to us. Life was good to us in addition to the not so good. You will be missed by many.
