“ I remember Sid most from Junior High at Woodward. Of course everyone was trying to figure out how to be a teenager. There were no instruction manuals. But Sid was a good guy which at that age we just wanted to be respected by our peers. I can only pray your father lived as well as he found possible in these times. This saddens me to know that Sidney has left us.

“ Dad I just want to tell you that as limited as our time was either by distance or schedule. I love you and miss you greatly. You will forever be in my heart. I know that you are in a better place now and you are no longer suffering. Knowing that will help me rest easy at night.
Love Always Forever you Son
