“ I was lucky enough to hear Stephanie tell her story at the Kaltman Educator Conference this past summer and her profound storytelling, bravery, and charisma were all remarkable. I feel so honored to have met Stephanie and will carry her story with me always. I'm so sorry for your family's loss, but know that she touched many lives and will be remembered fondly.

“ I did not know Stephanie personally. I met her through the HHC. She shared her story with many of my students. Her kind demeanor and quiet strength was evident. I remember after she shared her story with our students many of our girls wanted to talk to her and take a picture with her. She kindly consented and one of those group pictures ended up in our high school yearbook. Stephanie touched many lives.
