

Steven Katz

November 11, 1960 - May 14, 2021

STEVEN KATZ

My beloved husband Steven Katz passed away suddenly on Friday, May 14, 2021, at the age of 60. He was the son of Holocaust survivors and learned chessed from his parents from a very young age. During his college days, Steven delivered food packages to elderly shut-ins. He was an active member of the Jewish Defense League (JDL) and risked his life on numerous occasions to help his fellow Jews. He worked for several years at a kosher food bank in Brooklyn and managed to obtain and distribute tons of donated food to needy Jews. He also took it upon himself to learn mishnayos for people's departed loved ones, the sick, as well as those who needed a shidduch. Steven did not want to burden anyone with his troubles but always tried to help others with their problems. He had many friends who loved and cared for him deeply. Steven truly exemplified CHESED and he will be sorely missed.

“ *The Blue Ash branch library staff were saddened to learn of Mr. Katz's passing and we are very sorry for your loss. Mr. Katz was a frequent library branch visitor, a voracious reader and certainly helped boost our circulation numbers! He always had a kind word for us and expressed his appreciation for the library, especially during the pandemic. May his memory be for a blessing. Y'hi Zichro L'vrachah.*
