“ *Bill was one of my favorite doctors growing up. He was always honest and frank with me; my kind of guy. We continue a friendship long after I stopped seeing him professionally. My life has been a better one having known him.*

“ *I am very saddened to hear of the loss of Bill. I am a younger (although retired) Dermatologist who benefited very directly by having Bill as a teacher and role model during my training and entire practice. He was always very kind and open to teach the younger physicians and remained so as long as I knew him.
I haven't seen him as often over the last few years, but it was always nice to see him at meetings and catch up some.
He was a great physician and man, and I am sorry for his loss. My thoughts and prayers will be with his family.*

“ I was eight when Bill used to pass my house on his way to Scott High school. In Toledo Ohio....Being the youngest of four girls in the family, Bill kind of liked my sister Marlene Seven years older than me..As I'd smile and wave to him as he passed..he said
“ GET AWAY FROM ME KID, YOU BOTHER ME! Broke my eight year heart ..
Lo and behold twelve years later we met again when he and his bride Biutzy
Moved next door on Pelham Place and we and our families have become such
wonderful friends and shared some great times together..Amy, Marc Rick and
Tudy loved him as family. He will be missed..
