July 16, 1947 - March 11, 2025

William Searing Walters Jr., age 77, unexpectedly passed away March 11th, 2025.

Proud graduate of Mount Herman Boarding School in MA- where he started to find himself and found friends; notably a special Italian family who soothed his homesickness and provided a graciousness he carried throughout his life and career.

He went on to graduate from Miami University with honors, the second in his class, after having taught special education for two years. Upon graduating, he developed into a known respected Forensic Psychologist, serving as one of the directors at the Hamilton County Court Clinic. Whenever he went into court, due to his character and expertise, he was expected to win.

Throughout his career he paid special attention to advocate for various minorities. Many still talk about his exceptional ability to assess and relate to children. He was able to facilitate correct dispositions, as well as personally treating a few. While at times he had a small private practice and taught at UC- his compassion and commitment was to the public sector. The twilight of his career was spent at Summit Behavioral Healthcare Hospital.

William, known by family and friends as Bill, leaves behind his beloved wife of

48 years, Patti Goldhagen-Walters. He was also the devoted father to his two dear children, Ryan and Rae Walters.

Always Important to him was his family of origin; his father, William S. Walters Sr., and his revered mother Marion S. Walters, along with his cherished younger siblings Bob, Bruce, Eileen and Nancy Walters.
